Program Report

On Saturday of the week, our college Vijaya Institute of Technology for Women (VITW), Enikepadu, Organized its “National Level Games”, under student association of “Binary Brains” organized by CSE department. The students were very excited about the events and the activities carried out throughout the event. The whole College, and especially the Ground area was decorated and it was feeling like a festival in College. The parents of all the students were invited to the event.

The sports day event was inaugurated through the flame lighting ceremony, in which, the torch was carried by students who have best performed in the sports competitions at different levels. The sports day began with a March Past.

After March passed, the students of the different houses competed against each other in various sports. The event included sports like Throw Ball, Tennis-Singles and Doubles. The thing is that the bigger sports took place in the preceding week.

All the students were awarded points on the basis of performance and several criteria. As the day ended, College Principal awarded prizes to the winning individual and declared the winning house as well. In the end, the principal addressed the students and the parents, appreciating the efforts and enthusiasm of all the students towards the event, and congratulated the winning students for all their efforts.
